Subject: To All Organized Storage

I purchased a condo that was not built yet in April 2008. Not only did I want my new home to be beautiful but it had to be very functional. I have a home based business and two teenage girls.

When I went to the home show last year I met Janet Young who runs All Closet Organizers. I was impressed by the quality of the materials used in the closet organizers.

To be honest I thought it was a little pricey, as I would be doing five closets, but decided to go with it anyways as my condo was almost finished.

Let me tell you it was one of the smartest things I did to improve the value of my home. Every time I open the doors to any of my closets I am so pleased.

I would and already have recommended Janet Young of All Closet Organizers.

Sincerely,
Donna Wildeman
