

September 1, 2009

I was very impressed with Janet's efficiency and professionalism. We are busy people with 3 stores in Victoria. We had the closet installed at a very busy and potentially stressful time with a new location opening.

Janet was able to determine our needs quickly and provide the product that most closely suits our environmental concerns. The price was reasonable and the installation was quick with barely any disruption to us. The end result has been much admired by friends and family. I would not hesitate to recommend All Organized Storage.
