Good day Janet,

As promised, here is our testimonial. Thank you again for such great work. I've labelled our walk-through closet a "mood adjuster" – it's a pleasure to walk into such a good looking and functional space!

This is the second time we have hired All Organized Storage to install our closets. The first time involved installing a kitchen pantry closet and a linen closet in our condo. Janet completed an expert installation and left our organized spaces as tidy as could be – which is not typical of many trades! The second time involved installing a walk-through closet, a linen and a mud-room closet in our newly purchased house. We love the results! Our spaces are functional and look great, to boot! We would highly recommend this company to anyone – the professional advice, quality product, and attention to detail is worth every penny. We're now planning to bring them back to complete two bedroom closets – can't wait!

Yvonne and Ben Whittome
